*Welcoming America  
& Immigration*

Social media Engagement & Evaluation

# Introduction

- The Team:
  - ▣ Angela Edmonds
  - ▣ Qiuhui Li
  - ▣ Sarah Lindsay
  - ▣ Chris Shea

# Background & Challenges

- 3,457 followers
- 1,974 tweets
- On Twitter since May 2010
- Model:
  - ▣ Connect
  - ▣ Build
  - ▣ Change
- Lack of social presence and engagement
- Overwhelmingly negative immigration Twitter conversation
- Lack of diversity in audience

# Goals

---

**1.** To become a national center of social media conversation concerning immigrants in the U.S.

**2.** Utilize the conversation surrounding the upcoming Presidential election in order to advocate their mission

# Research Overview

## Owned Data:

- Engaging content: quotes, mission-based, inspirational, relevant
- More interaction with followers

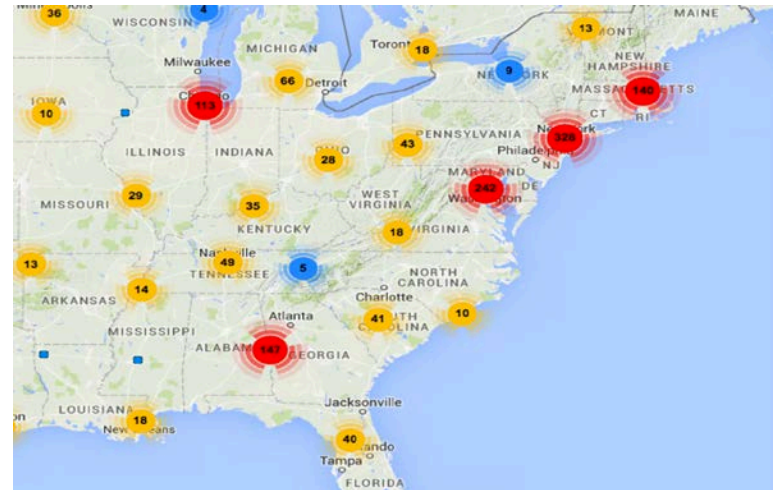

# Earned Data: Geographic

## Crimson Hexagon

## Followerwonk

# Earned Data: Event Spikes

**3** key  
spikes  
in tweet volume

What events caused  
the spikes?

August 7

First primetime  
Republican  
presidential debate

August 17

Trump's  
immigration  
proposal

August 26

Trump's  
feud with  
Megan Kelly

# Actionable Insights

- Opportunities to expand audiences at west cost
  - ▣ More interactions with “Influential Users”
- Engage in social media conversations surrounding Political events.
  - ▣ Always stay proactive and positive

# NodeXL: Key Users

- Immigration and Clinton
- Key users are bridges to extend audiences.
  - Donald Trump
  - Hillary Clinton
  - David Jones

# NodeXL

Created with NodeXL Pro (<http://nodexl.codeplex.com>) from the Social Media Research Foundation (<http://www.smrfoundation.org>)

- Immigration and Trump
- The conversation is dominated by Ann Coulter

# Suggestions for Future Research

---

- Take a different approach to earned data
- Explore more of what drives positive sentiments
- Engage more with people who have different demographics
